

## *Wirth & Wirth Advertising* News Release

---

---

**Client:** Metro Moulded Parts  
**Product:** 1968-70 Mopar B Body Vent Seals

---

Let's face it... Vent Window Seals have a tough life. They support and seal vent windows from leaking water and wind and they are exposed to sunlight constantly. Opening and closing the vent window creates constant friction, and of course the vent must close tightly to be properly sealed, and to provide basic security from break-ins. Thus, Vent Seals soon get cracked, hardened, faded, and stiff. Metro Moulded Parts, Inc, has just totally retooled and re-released their 1968-70 Plymouth and Dodge B-Body 2 door hardtop/pillared coupe Vent Window Seals to improve the fit and function. These new seals are good enough to earn the "Gold Series" part designation from Metro's Quality Control folks.
